WHOLESALE PRICE LIST

OF

EVERGREEN TREES AND SHRUBS

FOR

AUGUST AND SEPTEMBER PLANTING
1914

(Complete Price List will be issued September first)

The Bay State Nurseries

NORTH ABINGTON, MASSACHUSETTS

(Located Eighteen Miles South of, Boston)

Long Distance Telephone, Rockland 26.

Cable Address, "Nursery," Boston.

Telegraphic Address, North Abington, Mass.

A section of Evergreens, also Offices, Cellars and Packing Houses of the BAY STATE NURSERIES.

EVERGREEN TREES

These Evergreens are all thrifty and heavily rooted, and have been several times transplanted. We have a number of large specimen Evergreens in variety not listed, also choice sorts recently imported. They can be seen at the nursery when prices will be given. It will pay you to come and see them.

Roots burlapped at an additional expense of 5 cents each for trees up to 3 feet, all over this size 10 cents each; unless otherwise specified we will burlap and charge for same.

RHODODENDRONS

We are growing and importing many thousand Broad Leaved Evergreens, increasing our plantings from year to year. Our stock comprises the best Hybrids of the most hardy sort, and the native Catawbiense Maximum, and Alpine varieties; also Mountain Laurel (Kalmia latifolia). If you want nursery grown natives, we have them by the carload. If you require collected Maximums, we can furnish them by the thousand or any number required.

Ruffled and fringed, extra mixed			2.00	24.00	
Very Fine mixed				16 00	
Century Prize					
Petunia, Double Fringed, extra mixed				100.00	1

The strains of Petunia seed herein offered are remarkable for size, form, color, and beautifully marked throats, and are wonderfully ruffled and fringed. All are hand fertilized. They are the result of painstaking effort to not only maintain and preserve, but to improve the standard of the best varieties obtained from every available source.

		BULBS	100	1000
Calla El	lliottiana	, Mammoth size	16.00	
66	"	No. 1	12.00	
"		No. 2	10.00	·····
Freesia,	Purity,	Extra size, Selected Mammoth		218.00
"	"	No. 1 Mammoth		
6.6	"	No. 2, ½ inch and over		11.00
"	"	No. 3, 3/8 inch to 1/2 inch		

The locality in which these Freesias are grown is unsurpassed as regards climatic conditions and fertility of soil. We are also supplied with irrigation facilities. We grow no Freesias but the "Purity." We strive to produce in our Mammoth and Mammoth Extra Selected Freesia Purity, the largest size bulb attainable.

All seed in packets and by the ounce by mail postpaid. Prices quoted on larger quantities by express do not include transportation charges. Orders from unknown dealers must be accompanied by cash.

All seeds offered subject to shortage of crop.

NOTES ABOUT RHODODENDRONS

The above list of Rhododendrons, we believe, includes the best varieties of Hardy Hybrids for New England. For twenty years we have tested them in various soils, both with and without shade, and have become convinced that the Rhododendron is not so finical as we, in common with many people, had supposed.

They will grow in almost any good loam where corn will thrive, and should be planted thickly so that the sun cannot shine directly on the roots. No excavations are necessary. They are a surface feeding plant and appreciate a reasonable mulching of decomposed vegetable matter. The roots should not be disturbed or exposed, but kept well protected by mulch about three inches deep.

For the first two or three years a little screening during the winter by covering lightly with evergreen boughs, so as to protect them from the March sun, is all that is necessary. It is not the cold of winter that kills them, it is the early spring frosts after a warm day or two, when the sap is brought to the foliage, that kills.

In the late Fall, should the ground be dry, thoroughly soak it before it freezes, and you will find that the Rhododendrons will come through the Winter better.

AUTO-TRUCK DELIVERY

We make deliveries by auto-truck within reasonable distances from the nurseries when desired, and charge according to mileage and size of truck used. We are located 18 miles south of Boston.
